Mcdodo HP-0041 in-ear headphones (black)

Meet the Mcdodo HP-0041 in-ear headphones, which will provide you with an exceptional sound experience and comfortable use. Thanks to the advanced Bluetooth 5.3 technology, you can enjoy a reliable connection, and the 13mm drivers guarantee the highest sound quality, deep bass and crystal clear highs. Also noteworthy is the long operating time of up to 6 hours on a single charge.

Unparalleled comfort of use

Mcdodo HP-0041 are designed for maximum comfort of use. Each earphone weighs just 3.8 grams, making them almost imperceptible in the ear. In addition, the set includes three pairs of interchangeable earpads in sizes S, M and L, so you can customize them to suit your individual needs.

Long runtime

Enjoy your music for as long as you want, thanks to the powerful battery in the Mcdodo HP-0041. One charge provides up to 6 hours of continuous use, and when combined with the case, which charges via USB-C, this time is extended to as much as 21 hours.

Fast pairing and reliable connection

Bluetooth 5.3 technology provides a stable and reliable connection to devices over a distance of up to 10 meters. The Mcdodo HP-0041

headphones offer fast pairing with your phone, tablet or laptop, so you can instantly enjoy your favorite music or take an important call without unnecessary delays.

Intuitive touch control

Control your headphones with touch. The Mcdodo HP-0041 features touch control, allowing you to conveniently control music playback, answer calls, activate the Siri voice assistant or switch songs. This gives you full control over your music without having to reach for your phone!

Water resistance

The Mcdodo HP-0041 headphones are IPX4 rated, which means they are resistant to sweat and minor splashes. This is ideal for active people who want to enjoy their favorite music while working out or walking, regardless of the weather conditions!

Wide compatibility

The headphones are compatible with a variety of devices, making them an ideal choice for any user. You can easily connect them to your laptop, tablet or smartphone, for example. Enjoy your favorite music, games or movies regardless of the situation!
