Mcdodo CA-5740 USB-C to USB-C cable, 100W 1.2m (black)

Mcdodo CA-5740 USB-C to USB-C Cable, 100W 1.2m (black).

The USB-C to USB-C Mcdodo CA-5740 cable combines cutting-edge technology and durable construction to meet all your charging and data transfer needs. With up to 100 watts of power and up to 5 amps, it provides efficient power to a wide range of devices - from iPhone 15 series to MacBooks, tablets and more. It is also equipped with a smart chip and LED backlighting.

Instant charging with up to 100 watts of power

With an output power of up to 100 watts, the Mcdodo CA-5740 allows you to quickly charge even the most demanding devices, such as laptops, tablets and smartphones. The cable is perfect for MacBooks, iPhone 15 series, as well as other USB-C devices, providing them with maximum performance in a short time.

LED backlighting - comfort of use in any conditions

The Mcdodo CA-5740 cable is equipped with a gentle LED backlight, which not only signals the charging process, but also makes it easy to locate in the dark. This is a practical solution that increases the comfort of use, especially at night or in poorly lit areas. What's more, the light is subtle enough not to glare at the eyes, while remaining perfectly visible.

Wide compatibility and versatility

Mcdodo CA-5740 is a cable made for special tasks. It is compatible with a wide range of USB-C devices, such as iPhone 15s, MacBooks, AirPods, as well as other smartphones, tablets and laptops. You can also use it to connect your phone to your car's CarPlay system. It's a versatile solution that works well at home or in the office, as well as on the road.

Exceptional durability and resistance to wear and tear

The Mcdodo CA-5740 cable features aluminum alloy components and a nylon braid for exceptional durability and wear resistance. The reinforced copper cable and solid construction make the product resistant to bending, stretching and abrasion, which increases its service life. Don't be afraid of damaging it quickly!

Smart chip and safe charging

Mcdodo CA-5740 is equipped with a smart chip that automatically adjusts charging parameters to the requirements of the connected device, preventing overheating and overcharging. As a result, your equipment is always protected, and you can charge it without worrying about damage.

Fast data transfer

In addition to the charging function, the Mcdodo CA-5740 cable also offers high-speed data transfer at up to 480 Mbps. This is ideal for transferring photos, videos or documents between devices - it saves you time and makes you more efficient.
