Record even longer and create more interesting footage. Supporting fast charging, this battery for GoPro Hero 9, 10, 11, 12 by Telesin stands out with a capacity of up to 1750 mAh and provides up to 112 minutes of run time. It is fully compatible with your camera and provides the safety of use you want.

Even higher capacity and faster charging

Why choose a Telesin product? Its capacity is 1750 mAh, while the capacity of the original GoPro battery is 1720 mAh. An extra 30 mAh can make all the difference! What's more, the device supports fast charging. Plug it into a power source and see that it can charge in less time than the original GoPro product.

Up to 112 minutes of recording

Freely record stunning footage and don't worry that the camera will refuse to serve you at the least opportune moment. The durable battery from Telesin guarantees an impressively long operating time. Using it, you can record 5K/30FPS videos for about 90 minutes, 4K/60FPS for up to 72 minutes, and 4K/30FPS for up to 112 minutes!

Intelligent security system

The battery is designed to serve you perfectly for a long time. It has been equipped with new technologies that protect it from short circuit, overheating and overvoltage, among other things. You no longer have to worry about damaging your device too quickly!

Completely compatible with GoPro Hero

Are you worried about possible compatibility problems? Don't be! The Telesin battery works perfectly with GoPro Hero 9, Hero 10, Hero 11 and Hero 12 cameras. Say goodbye to pop-ups and errors - now you can record fantastic footage for as long as you want and enjoy the benefits of fast charging.
