TELESIN Magnetic Neck Mount for Mobile Phones MNM-002

Experience how easy and convenient it is to record your adventures with the TELESIN MNM-002 Magnetic Neck Mount. With its magnetic design, you can enjoy the freedom of your dreams and create dynamic first-person perspective shots with your smartphone. It is directly compatible with iPhones 12 series and above or cases that have the MagSafe function, and with the included magnetic plate, the mount is also compatible with Android phones.

**Strong magnets for a secure hold**

Enjoy the security and peace of mind of knowing that your equipment is always secure! With 16 strong neodymium magnets, the Telesin MNM-002 mount provides an extremely secure hold for your phone. These magnets form a full circle that exceeds the standards used in car mounts, ensuring that your phone won't fall off even during intense outdoor activities.

**Robust design, comfortable to wear**

TELESIN MNM-002 is not only functional, but also comfortable. The steel, flexible headband is reinforced with solid aluminum rods for stable support. The outer layer is covered with skin-friendly silicone, which guarantees comfortable wearing even for a long time.

**Versatility and flexibility**
