

Ring light with phone holder PULUZ

Ref: 5906168437410

Ring light with phone holder PULUZ

Ring light with phone holder PULUZ

Do you want your photos to look natural and realistic, and their colors to acquire a unique saturation and richness? The PULUZ ring light will take your photographs to a whole new level. The unit can be mounted on a bracket and easily moved to any location. It can be removed from the stand when needed, and the tripod ball head can be rotated 360 degrees, allowing you to position the lamp at any angle.

High-quality illumination

The lamp consists of 160 energy-saving LEDs that provide excellent heat dissipation and DC drive. The high color rendering softens the light source and improves skin tone in portrait photography, making photos look more natural and attractive.

Color and brightness adjustment

The lamp offers three color lighting modes and adjustable brightness, allowing you to easily adjust the color and intensity of the light. This allows you to achieve perfect brightness without having to install additional color filters. This asset is not only extremely convenient, but also practical for any situation.

Universal power supply

The Type-C port allows you to connect the lamp to multiple devices, such as a desktop computer, laptop or Type-C charger. This allows you to enjoy LED ring lighting anytime and anywhere.

Lightweight and portable

The PULUZ ring light features a lightweight and portable design, making it convenient to use and carry while traveling or working outdoors. It is ideal for those who need mobile lighting. It allows you to create impressive photographs in the open air.

Wide application

The phone clamp is suitable for cell phones with a width of 6 to 8.5 cm, allowing you to easily attach most smartphones. The lamp is reliable for illuminating outdoor photos, filling dark rooms with light, portraits, fashion photography, advertising photography, video recording and many other applications.
