Joyroom OK7 bike mount (black)

Ref: 6956116795030

Joyroom OK7 bike holder (black)

The Joyroom OK7 bike mount is the perfect combination of durability and functionality. It is perfect for people who want to keep their phone within reach while cycling. Made of sturdy ABS plastic and flexible silicone - it provides a stable mount for smartphones from 4.7" to 6.8".

Secure attachment on any route

Thanks to its sturdy construction and carefully designed mounting elements, the Joyroom OK7 provides a secure hold for your smartphone even on the most demanding routes. The side and bottom mounts stabilize your phone, preventing it from sliding or falling out, no matter how rough the terrain you're navigating.

Compatible

The Joyroom OK7 mount fits handlebars with a diameter of 20mm to 23mm, so you can easily mount it on most bikes. It is also compatible with smartphones with screen sizes from 4.7" to 6.8". This makes it perfect for many situations!

Refined in every detail

The accessory is made of durable ABS plastic and silicone, so it not only holds your phone perfectly, but also effectively absorbs shocks

while driving. As a result, your smartphone is protected from damage even on uneven surfaces, making the Joyroom OK7 a reliable companion for any trip.
