McDodo CA-3390 36W 1.2m USB-C to Lightning angle cable (black)

McDodo CA-3390 36W 1.2m USB-C to Lightning angle cable (black).

McDodo CA-3391 allows you to quickly charge your device and stands out for its wide compatibility. What's more, thanks to its angled design, you can charge your smartphone and play games at the same time. It also allows you to transfer files quickly. In addition, the use of high-quality materials translates into the durability of the product.

Fast, convenient charging

The McDodo CA-3391 angled cable uses 100 watts of power, which will allow you to quickly renew your device's energy. In addition, it supports the PD36W fast charging protocol, so your iPhone 14 will reach 60% in about 30 minutes. It works with smartphone brands such as Huawei, Xiaomi, Samsung, OPPO, Honor, etc.

Thoughtful design

High-quality materials were used in the production of the cable, so you can be sure that the product will serve you for a long time. The zinc alloy finish ensures durability, and the nylon braid protects against cable breakage. What's more, gold-plated connectors stand out for their greater resistance to damage, and the copper core is responsible for the product's efficient operation. In addition, McDodo's patented MSC technology allows you to quickly charge your device while protecting it from overheating.
