Babymoov Aqua baby care set

The Babymoov baby care set will meet all your baby's grooming needs. It includes essential accessories for dental care, nail care and more. All items are contained in a practical cosmetic case. The compact format of the set makes it ideal for both travel and everyday use at home.

Take care of your baby's health

The Babymoov kit contains all the necessary accessories for comprehensive care of your baby's body. The set includes a digital medicine thermometer with a flexible tip and a nasal aspirator with a mouthpiece for effective airway cleansing. This ensures that you will always be able to take proper care of your little one's health.

Grooming accessories

Taking care of your baby's little hands is now easier with the Babymoov kit. In it you will find scissors with rounded edges, a file and pliers, which will allow you to safely and precisely shorten the toddler's nails. These are essential accessories for comfort and safety during grooming. The set also includes a bath thermometer to monitor the water temperature. What's more, the gentle brush will allow you to comb your toddler's hair safely and comfortably, while the cooling teether and finger attachment for massaging the gums will facilitate daily care and take care of your baby's well-being during teething.

#### Convenient storage and transportation

Enjoy convenient storage and easy access to all necessary accessories. The interior of the included toiletry bag is equipped with practical elastic bands and pockets, allowing you to organize according to your needs. In addition, the outer compartment offers additional space for other toiletries, such as creams or wet wipes, and the practical handle makes it easy to transport and use the set anywhere. All this makes the set ideal for taking on the go. No matter where you are, you will always have everything you need to care for your baby on hand. This is an indispensable companion for any parent who values convenience and comprehensive care of the little one.
