

Mcdodo CA-4250 USB-C to USB-C cable, 100W, LED display, 1.2m

Ref: 6921002642507

Mcdodo CA-4250 USB-C to USB-C cable, 100W, LED display, 1.2m

Mcdodo CA-4250 USB-C to USB-C cable, 100W, LED display, 1.2m

The Mcdodo CA-4250 is an advanced USB-C to USB-C cable with a length of 1.2m that supports fast charging with up to 100W. With the built-in LED display, you can monitor the charging speed in real time, making the cable not only functional, but also practical for daily use.

Superfast 100W charging

The Mcdodo CA-4250 cable offers up to 100W charging, allowing you to charge your devices up to 60% in just 30 minutes. It is ideal for fast charging of laptops, tablets and smartphones, while providing stable and safe power delivery.

LED display for monitoring the charging process

The integrated LED display on the cable dynamically shows the charging speed, so you can check the status of the charging process at any time. This is a practical solution that makes it easy to manage device charging.

Durable design and wear resistance

The cable is made of durable materials, including a zinc alloy coating that protects against mechanical damage. In addition, the high-quality nylon braid provides resistance to bending and abrasion, making it ideal for heavy daily use.

Fast data transfer and wide compatibility

The Mcdodo CA-4250 cable not only charges quickly, but also offers simultaneous data transfer. Its wide compatibility with devices such as smartphones, tablets, laptops and other devices with USB-C ports makes it a versatile tool for any user.
