Essager EWXZM-CC02-Z 15W Wireless Charger (Gray)

Essager EWXZM-CC02-Z 15W wireless charger (gray)
Essager EWXZM-CC02-Z is an innovative 5-in-1 charger that offers much more than standard charging stations. In addition to being able to charge your smartphone, smartwatch and TWS headphones, the device also functions as an alarm clock and a soft night light with a colorful backlight. Thanks to its unique design, the charger not only saves space, but also fits perfectly into almost any interior, whether at home or in the office.

Charge several devices simultaneously
The Essager EWXZM-CC02-Z charger is designed with user convenience in mind, allowing you to charge several devices simultaneously. It automatically adjusts the output power depending on the device - offering a maximum of 15W for smartphones, 5W for headphones and 2.5W for smartwatches for fast and efficient charging.

Compatible
The wireless charger works with a wide range of devices, such as iPhones, Apple Watch Ultra, SE and 9/8/7/6/4/3/2 series, as well as AirPods 2/3/Pro/Pro 2 headphones, so users can charge all their gadgets in one place, without the need for several different chargers.

Flexible charging and practical features

One of the Essager charger's greatest strengths is its ability to charge smartphones vertically or horizontally, which makes it perfect for watching movies, video calls or browsing the web, for example. In addition, the charger is designed to charge phones in cases up to 5 mm thick, eliminating the need to remove the case each time it is charged.

Safety and smart protection
The Essager EWXZM-CC02-Z is equipped with advanced protection systems that ensure the safety of the devices being charged. Overcurrent, overvoltage and overheating protections ensure stable and safe charging, protecting equipment from damage. In addition, automatic charging power adjustment technology ensures efficient power management.

Additional features - alarm clock and night light
In addition to the charging function, the Essager charger has a built-in alarm clock and a colorful night light. The soft, colorful light creates a pleasant atmosphere in the bedroom, and the alarm clock function makes the device even more practical. It's the perfect bedside table solution that combines functionality with aesthetics for convenient use both day and night.
