

Deerma DEM-T20W cordless vacuum cleaner

Deerma DEM-T20W cordless vacuum cleaner

Ref: 6955578044465

Deerma DEM-T20W cordless vacuum cleaner.

The Deerma DEM-T20W cordless vacuum cleaner is the ideal solution for those looking for 2-in-1 functionality that combines vacuuming and mopping. With its innovative technologies, powerful suction and long run time, it provides thorough and convenient cleaning of every nook and cranny in the house. Equipped with an advanced filtration system, it ensures effective cleaning of any space, small or large.

Innovative 9-cone cyclone and powerful suction

Thanks to the 9-cone cyclone technology, the Deerma DEM-T20W vacuum cleaner effectively separates dust from the airflow, ensuring not only strong suction, but also better cleaning results. The powerful, stable suction of 18 kPa generated by the brushless motor allows you to instantly remove debris of various sizes, from fine dust to larger debris.

2-in-1 functionality - vacuuming and mopping

The Deerma DEM-T20W is a multifunctional device that vacuums and mops at the same time, saving you time and effort when cleaning. It's the perfect solution for comprehensive cleaning of floors and other surfaces without the need for multiple pieces of equipment.

Convenient operation and hygiene care

The vacuum cleaner is equipped with a user-friendly dust container that can be emptied with a single push. By automatically opening the

lid of the container, the accumulated dirt can be quickly and hygienically removed without contact with dust. In addition, the vacuum cleaner has a slim, lightweight design, which significantly contributes to comfortable and free vacuuming and mopping.

5-layer filtration system

The Deerma DEM-T20W has a 5-layer filtration system that effectively traps fine dust particles and debris, preventing them from escaping. The system also helps reduce secondary contaminants, making the vacuum cleaner an ideal choice for those concerned about the cleanliness of the air at home.

Long run time and versatility

With a rechargeable battery that provides up to 35 minutes of operation, the Deerma DEM-T20W can easily handle cleaning large areas and two-story apartments. The versatility of the device is enhanced by easily interchangeable brush heads, allowing you to quickly switch between handheld and stick mode, adapting the vacuum cleaner to different tasks.
