

## Yeelight Wireless Charging Nightlight

Yeelight Wireless Charging Nightlight

Ref: 6971906060198

### Functional and practical

Wireless Charging Nightlight is a wireless light and charger in one. Enjoy the soft light and charge your phone wirelessly at the same time! The Yeelight brand is part of the Xiaomi ecosystem.

### Two capabilities in one device

Yeelight Wireless Charger Nightlight will gently illuminate the room, and with its inductive base, it will charge your smartphone quickly and without the need for a cord.

### Subtle light with adjustable color

The light that the Wireless Charging Nightlight emits is subtle and gentle making it ideal for nighttime use, illuminating the room without glaring at your eyes. With the ability to adjust the color of the light using a button located on the light's housing, you can choose between warm and cold colors. In addition, the magnet located in the lamp housing allows you to detach it from the base. Enjoy it wherever you want without having to take the whole device with you.

### Safe use

Thanks to built-in safety features, the charger will automatically turn off if it touches other metal objects, such as keys or scissors. Sleep

soundly, and enjoy your fully charged smartphone in the morning!

#### Durable

The light needs 3 to 4 hours to fully charge, allowing you to use the cold light for up to 11 hours, while the warm light for up to 24 hours. In addition, a red LED on the light indicates its charging status, and two LEDs located on the charger, the charging status of the smartphone.

#### Unique design

Elegant design and thin design, will fit into the interior of any home, and thanks to the high-quality materials used in the production of the Wireless Charging Nightlight, the device was finished with precision and attention to the smallest details.
