

Yeelight 4-in-1 Rechargeable Desk Lamp

Yeelight 4-in-1 Rechargeable Desk Lamp

Ref: 6924922224143

The Yeelight brand is part of the Xiaomi ecosystem.

Yeelight 4-in-1 Multifunctional Desk Lamp

Go for versatility. The Yeelight 4-in-1 Multi-Purpose Desk Lamp is perfect for a variety of uses. It gives you even, easy-to-see illumination with adjustable brightness. The durable 1800mAh battery guarantees long operation time, and the possibility of adjusting the lamp angle up to 180° allows you to adjust it to your needs.

Plenty of uses

A single lamp is enough to meet the diverse needs of users. The 4-in-1 device by Yeelight is suitable for many applications. You can use it as a desk lamp or a reading lamp which you can clip to a shelf. A special magnetic holder allows you to fix it to the wall or to a closet so that it can illuminate for example a hallway or a corridor. The product can also be used as a flashlight.

Optimum illumination

The device has been equipped with 12 high-quality LED beads, thanks to which it generates uniform light with a color temperature of

4000K, which does not dazzle and is safe for the eyes. It can also optimally illuminate a relatively large area. You can also freely adjust its brightness - so you can perfectly adapt it to your needs. What's more, the smart chip makes the light remember its settings. When you turn it on again, it will automatically restore the last used configuration.

Customize it to your needs

What else makes the Yeelight 4-in-1 so versatile? The device stands out thanks to its carefully thought-out, adjustable design. You can freely adjust its angle of inclination within 180°. Thanks to that you can easily position the lamp in such a way as to optimally illuminate the selected area, for instance your desk, book, laptop keyboard or notes.

Clever design

The Yeelight 4-in-1 is not only extremely functional but also looks great. Modern, minimalist design will appeal to many users. The device is extremely easy to install - you do not need any additional screws or tools. What is more, a large, solid base will provide the desk lamp with necessary stability.

Wireless design for long lamp life

The lamp can operate wirelessly, freeing you from cables and allowing you to enjoy freedom of movement. It is equipped with a durable 1800mAh battery, thanks to which, fully charged, it can work for about 2-3 hours at the highest brightness level or even for 30 hours at the lowest level. The built-in USB-C port allows you to conveniently charge the device with a cable and charger, powerbank, or even your laptop.
