

Smart Yeelight Bedside Lamp D2

Smart Yeelight Bedside Lamp D2

Ref: 6924922216650

The Yeelight brand is part of the Xiaomi ecosystem.

Bedside lamp D2

Small in size, but versatile in use.

Easy in use

Yeelight Bedside Lamp D2 is extremely easy to use. All you have to do is touch it twice to turn it on or off. Full control with one hand...

* Activate the function in Yeelight application.

Smooth control

The lamp can be freely adjusted in terms of brightness, colour temperature and colour to create the right mood in any situation:

Sleep

Set the schedule so that the lamp gently switch off while you fall asleep. The D2 is perfect for your baby's room, who prefers to sleep in a subtle light.

Reading

Select the reading mode in the application to automatically select the optimal light intensity and colour for your eyes.

Leisure time

Use the lamp when playing or resting. Adjust the light to the right atmosphere.

Colourful, soft and pleasant light

With the colour change mode enabled, the lamp automatically switches between different colours, perfectly matching the mood of the evening.

Smarter to operate

You can easily integrate the D2 light with Apple HomeKit, Google Assistant, Amazon Alexa, Samsung Smart Things and Razer Chroma. It works with a range of smart home appliances, giving you the ability to give a personal touch to any interior.

Even easier control

Resetting to factory settings

Press and hold the ON/OFF button and the brightness slider together for 5 seconds and release after the automatic colour change. At this point, the lamp will restart automatically and return to the factory settings.
