Ref: 5907085520766

Ottocast PCS46-BM OTTOAIBOX I3 wireless adapter

Ottocast PCS46-BM OTTOAIBOX I3 wireless adapter

The Ottocast OTTOAIBOX I3 adapter allows you to wirelessly connect your smartphone to your car's multimedia system, offering full CarPlay functionality. With support for Android 13 and the use of the Qualcomm Snapdragon 6125 processor, the device ensures smooth operation, instant access to applications and stability of connections. Dual-band Wi-Fi support (2.4GHz and 5GHz) guarantees reliable internet even on long trips. The product also supports GPS navigation, allowing simultaneous use of maps and multimedia. It also supports Nano SIM and Micro SD cards up to 256GB. Now all the functions of your smartphone can be available on the car screen! Please note: the adapter is only compatible with BMW ID6-ID9 vehicles.

Performance you can rely on

The Ottocast OTTOAIBOX I3 is equipped with a Qualcomm Snapdragon 6125 processor, 4 GB of RAM and 64 GB of internal memory. As a result, you can enjoy smooth operation of even several applications at the same time. Wi-Fi support in the 2.4GHz and 5GHz bands ensures fast and stable internet access - so you can enjoy streaming and navigation apps without any lag or connection interruptions.

Entertainment on a new level

From now on, both you and your passengers can enjoy your travels more. The adapter provides access to such streaming apps as YouTube, Netflix, Prime Video and Hulu. The device also supports Split Screen mode, which allows you to use navigation and media

playback at the same time - no more sacrificing convenience while driving! All your favorite applications will be available directly from the car screen.

Quick setup and intuitive operation

Operation of the Ottocast OTTOAIBOX I3 adapter will not cause you any difficulties - just connect the device to the USB port and pair it via Bluetooth 5.0, and the CarPlay system will automatically connect to your smartphone. Support for Nano SIM and Micro SD cards up to 256 GB allows you to download data and store your favorite content without using Wi-Fi. All for your convenience!

Compact dimensions, great possibilities

The dimensions of the adapter are just 80 x 80 x 20.5 mm, so it will fit perfectly into the interior of your car. The ambient illumination adds a modern touch, creating a pleasant atmosphere. The device is compatible with BMW ID6-ID9 cars and provides seamless integration with built-in wireless CarPlay, guaranteeing drivers even more freedom and control over their multimedia.
