Adapter 10w1 HUB Blitzwolf BW-NEW TH8

Ref: 5906168439278

Blitzwolf BW-NEW TH8 10-in-1 HUB adapter

The BlitzWolf BW-NEW TH8 is a 10-in-1 adapter that turns one USB-C port into a wide set of capabilities. It is equipped with three USB-A 3.0 ports, two USB-C 3.0 ports, one USB-C PD 100 W charging port, an HDMI 4K@60Hz port, an SD 3.0 card slot, a TF 3.0 card slot and an RJ45 1000 Mbps port. As a result, it offers full flexibility and allows you to greatly increase the functionality of your computer or laptop!

Fast Internet connection

The BW-NEW TH8 adapter enables you to connect to the Internet quickly thanks to its RJ45 port, which offers transmission speeds of up to 1000 Mbps. This means you can enjoy smooth web browsing, efficient downloading of large files, convenient viewing of movies on streaming platforms and even dynamic online gameplay!

Streaming video in 4K quality

The BlitzWolf BW-NEW TH8 is equipped with an HDMI port that supports 4K resolution at 60 Hz, allowing you to display high-quality video on external monitors, projectors or TVs. It's perfect for those who need an expanded workstation or want to enjoy a cinematic experience while watching movies.

Fast charging for your devices

The BlitzWolf BW-NEW TH8 adapter offers support for PD3.0 fast charging technology, allowing connected laptops to renew energy efficiently. So you can comfortably use your devices while powering them up without worrying about power drops.

Instant data transfer

With USB-C and USB-A 3.0 ports, the BW-NEW TH8 adapter allows you to transfer files at speeds of up to 5 Gbps. This allows you to transfer large videos, documents or photos quickly and efficiently, saving you time and increasing productivity.

Simultaneous reading and writing from two cards

The BW-NEW TH8 offers convenient memory card support, allowing simultaneous use of two media - SD and TF. In addition, read speeds of up to 90 MB/s and write speeds of up to 80 MB/s mean you can quickly transfer large files, photos and documents. This is an ideal option for photographers and web developers!

Wide compatibility, plug & play system

The BlitzWolf BW-NEW TH8 adapter is designed to work right out of the box - no additional drivers to install. What's more, it's compatible with macOS, Windows and Chrome OS, allowing you to quickly and seamlessly extend the capabilities of most popular laptop and computer models.
