

Bicycle Pedal Rockbros K203-BK Bicycle Pedal Rockbros K203-BK

Rockbros K203-BK bicycle pedals

Rockbros K203 bicycle pedals are great for all conditions. They are made of lightweight and abrasion- and impact-resistant plastic. In turn, their bearings are made of durable Cr-Mo steel. They are also distinguished by their extremely lightweight construction - each pedal weighs just 303 g. They provide reliable stability while riding, thanks to a wide pin platform. In addition, they have special markings for easy installation.
