

Stand ESR HaloLock Ring for smartphone (black)

Ref: 4894240168486

Stand ESR HaloLock Ring for smartphone (black)

ESR HaloLock Ring phone stand (black)

Ensure maximum comfort while using your smartphone! ESR HaloLock Ring stand allows you to comfortably hold your phone in your hand, you will also successfully use it as a stand while browsing your favorite websites. The built-in magnet provides a secure grip with a force of up to 1200 g, ensuring the necessary stability.

Thoughtful design

The ergonomic 0.9-inch diameter ring provides a secure and comfortable grip, fitting perfectly to your finger. So you don't have to worry about accidentally dropping your phone! When you no longer need the stand, you can easily fold it into a compact, pocket-friendly form. What's more, when folded, the stand becomes perfectly flat, allowing you to place your phone stably on any surface and use it comfortably.

Stable and reliable

The accessory is equipped with strong magnets that provide a magnetic force of 1,200g. The stand allows wireless charging - just detach the ring and connect your smartphone to an induction charger! HaloLock Ring has been carefully crafted from high-quality zinc alloy, and has passed more than 5,000 endurance tests, so it will serve you well for a long time.

Many possibilities

The stand will work perfectly in many situations! Thanks to the thoughtful design of the double ring, you can comfortably place your phone on a desk or table and freely watch videos on TikTok, without having to hold your smartphone in your hand. You can successfully position the phone both vertically and horizontally.
