ENCHEN Spark 2 Trimmer

The ENCHEN Spark 2 trimmer is the perfect choice for any man who appreciates precision and quality craftsmanship. It will be perfect for removing unwanted hair from various parts of the body, including armpits, chest, legs or back. Equipped with ceramic blades, it allows for accurate and fast cutting. It also offers a travel lock for safety and convenience during transport, eliminating the risk of accidental activation.

Precision in every cut

The ENCHEN Spark 2 is equipped with ceramic blades that ensure a perfect cut every time. This type of blades features exceptional wear resistance and guarantees a softer cut, significantly reducing the risk of cuts, ingrown hairs and irritation.

Speed and efficiency

Thanks to its powerful motor running at 7,000 RPM, Spark 2 shortens haircutting time, allowing you to cut hair quickly and efficiently without tugging or pulling. It's ideal for those who value speed as well as convenience.

Long work without interruption

Need a tool that can keep up with you? ENCHEN Spark 2 runs for up to 90 minutes on a single charge! It takes just 2 hours to fully charge

the battery, so your trimmer is always ready to go. What's more, the built-in display will let you know the charge level.

Designed for your comfort

ENCHEN Spark 2 was designed with maximum comfort in mind. The ergonomic shape fits perfectly in your hand for easy maneuverability and precision when shaping your beard or hair. The waterproof design allows safe use even in the shower, making it much easier to keep the device hygienic and clean. On the other hand, the LED backlight illuminates the cutting area, which is an invaluable aid in hard-to-reach or poorly lit areas.
