

Orico 2020U3 HDD/SSD 2.5", 5Gbps, USB-A to USB Micro-B Drive

Orico 2020U3 HDD/SSD 2.5", 5Gbps, USB-A to USB Micro-B Drive Enclosure (black)

Ref: 6942227116918

Orico 2020U3 HDD/SSD 2.5", 5Gbps, USB-A to USB Micro-B (black) Drive Enclosure.

This sleek and portable hard drive enclosure is designed for security and data storage convenience. Made of high-quality materials, it is ideal for 2.5-inch SATA interface hard drives, offering reliable protection, 5Gbps transfer speed and an impressive 6TB capacity. Thanks to its compact design, the enclosure will be perfect for both work and everyday use, allowing you to store and transport your data effortlessly.

Stunning data transfer speed

The enclosure impresses with its fast performance, able to transfer 1G of data in less than two seconds, and additionally supports the USB 3.0 protocol with a maximum transfer speed of 490MB/s. Its 6TB capacity ensures that you can hold a large amount of media without having to delete older files.

Secure and fast data transfer

The Orico 2020U3 is extremely easy to install thanks to its plug and play function, and its sliding cover allows tool-free installation and removal. The case is equipped with an LED indicator, which allows you to conveniently monitor the operation of the equipment. In addition, it is made of high-quality ABS materials that protect it from shocks, drops and other damage. The case has a 10-minute automatic sleep mode, which prolongs the life of your drive and nullifies the risk of data loss.

Wide compatibility

The case is compatible with software such as Windows, Mac OS, Linux and Android, making it reliable and versatile. In addition, you can easily connect it to hardware such as a desktop computer, TV, PlayStation 4, or smartphone.
