Orico 3588 HDD/SSD 3.5", 5Gbps, USB-A to USB-B drive enclosure (black)

Orico 3588 HDD/SSD 3.5" Drive Enclosure, 5Gbps, USB-A to USB-B (black)

The Orico 3588 HDD/SSD 3.5" drive enclosure is a functional solution for users who need convenient and fast access to their data. With transfer speeds of up to 5 Gbps and support for drives up to 6TB, this enclosure allows for efficient management of large files and backups. It is an ideal choice for those who value reliability and ease of use, whether they use Windows, Mac OS, Linux or Android.

Robust design and fast data transfer

The Orico 3588's case (measuring 194 x 118 x 31 mm) is made of high-quality plastic, ensuring durability and long product life. Equipped with a USB-B port, it offers high-speed data transfer of 5 Gbps, making working with large files smooth and trouble-free. A 1-meter USB-A to USB-B cable is included to ensure a stable connection to your computer.

Support for large capacities and Smart Stay

The enclosure supports 3.5-inch SATA hard drives with capacities up to 6TB, allowing you to store huge amounts of data. In addition, the Smart Stay function automatically puts the device into sleep mode after 10 minutes of inactivity, which not only saves energy, but also extends the life of the hard drive.

Versatility and ease of use

The Orico 3588 chassis is integral to multiple operating systems, including Windows, Mac OS, Linux, and Android, making it a versatile tool for a variety of devices. Thanks to its easy-to-use interface, mounting and dismounting the drive is extremely intuitive, allowing you to get started quickly and seamlessly.

Secure storage

The enclosure is designed for maximum protection of the drive. Inside there are anti-shock pads that protect the drive from mechanical damage, as well as transparent anti-electrostatic elements that protect the drive from static electricity. The robust design of the case also ensures effective heat dissipation, which prevents the drive from overheating during intensive work.
