

WAUDOG waterproof dog leash 20mm wide, 183 cm long blue

Ref: 4823089314174

WAUDOG waterproof dog leash 20mm wide, 183 cm long blue

Waterproof Glowing Dog Leash WAUDOG 20 mm Wide, 183 cm Long (Turquoise)

The WAUDOG leash is an excellent choice for dog owners looking for a durable yet stylish accessory. Made from innovative COLLARTEX material, it offers reliable strength and user comfort. Additionally, it glows in the dark, making it perfect for evening walks, enhancing the safety of both the dog and its owner in poorly lit areas.

Durable Materials

The leash is crafted using COLLARTEX material, developed by COLLAR. This material is characterized by exceptional resistance to damage and high durability, resulting in a long lifespan for the leash. COLLARTEX is also very pleasant to the touch, preventing hand chafing even during long walks. Moreover, the aluminum alloy carabiner is sturdy and securely holds onto the leash.

Waterproof and Easy to Clean

One of the advantages of the WAUDOG leash is its waterproofness. The product not only repels water but is also resistant to dirt, making it easy to clean. Furthermore, the intense, bright color of the leash does not fade even with frequent exposure to water.
