Deli ball pein hammer EDL443024

Deli ball pein hammer EDL443024 can be useful in many workshops. It has been made from high-quality materials such as carbon steel, fiberglass and PP plastic. Thanks to its carefully considered design, it will allow you to achieve optimal results without much effort. The ergonomic handle lies perfectly in your hand and provides comfort in use. Ball pein hammers are mainly used for working with sheet metal - especially for straightening, bending and shaping. They are perfect for, among others, works connected with car body repair.
