Ufree U-1779 7-in-1 electric razor.

Meet a high-quality, versatile shaving set that will meet all a man's grooming needs. This professional set includes 7 shaving heads, 10 comb attachments and a practical stand. From hair trimming, beard shaping, to nose, ear or body grooming, this is the tool for everything. An excellent gift choice for a man who appreciates comprehensive grooming.

Precise haircut control

The set offers up to 10 comb attachments so you can precisely control the length of your trim from 1mm to 15mm. The set includes among others, combs with lengths of 3, 6, 9, 12 and 15 mm, as well as attachments for precise shaping. It's ideal for those who want full control over their look.

High battery life and convenient charging

The built-in lithium battery guarantees up to 150 minutes of use after one 60-minute charge. The cordless design and built-in LCD display are ideal conveniences for men who travel frequently. The device charges quickly, making the kit reliable and practical for any situation.

Precision blades for a more accurate haircut

The steel blade of the Ufree trimmer is designed with precision in mind. The blade easily handles thin as well as thicker hair without

tugging. The T-blade trimmer allows you to create precise lines and contours. Ideal for both everyday grooming and professional modeling.

Perfect results every day

With a powerful motor with up to 6,500 revolutions per minute, this beard kit provides quiet yet effective grooming. The heads can be easily cleaned under running water (be sure not to submerge the entire unit).

Stylish design and beautiful decoration

The metal casing and unique steampunk look add a touch of class. The kit also includes three additional accessories: one trimming head and two adjustable guide combs. An improved on-off button makes the device even more convenient to use. Make the perfect gift for your brother, father, partner or friend that will meet his expectations - perfect for his birthday, Father's Day, Christmas or Valentine's Day.
