Electric Foil Shaver 3 Level Ufree U-2618.

Meet the electric shaver that guarantees precise and safe shaving, even close to the skin. Thanks to two movable shaving blades, you will achieve the effect of flawlessly smooth skin, minimizing the risk of irritation. The sleek design with artistic embellishments makes this tool not only functional, but also stylish.

Adjust the speed to suit your needs

The shaver is equipped with a motor with three adjustable speed levels - 6500, 7000 and 7500 RPM. This allows you to adjust the shaver's power to your beard type and preferences, achieving perfect results with every shave. The motor runs smoothly and quietly, ensuring comfortable use without unnecessary noise.

Fast charging and long running time

The shaver has a rechargeable lithium-ion battery that provides up to 125 minutes of use after just 2 hours of charging. Thanks to the USB Type-C port, charging is convenient and possible virtually anywhere - at home, in the office and even on the go. The LCD display shows the device's charge level, so you always know when the shaver is ready for use.

Precision design for comfort

The shaver features a durable mesh head that effectively collects hair, minimizing the risk of jams. The speed control button allows you to easily change the power of the device, and the LCD display provides information on speed and battery level. This combination of technology and elegance meets the expectations of the most demanding users.

#### Versatility in use

The shaver will prove useful not only for shaving beards, but also for cutting hair on the head. With two movable blades and adjustable speed, the device is extremely versatile, making it ideal for daily grooming both at home and at the hair salon.
