Powerbank Aukey PB-N74S, 20000mAh, 20W PD, 22.5W SCP (black)

The Aukey PB-N74S powerbank with 20,000mAh capacity provides a reliable power source for any situation. It features 3 different ports (USB-C, Lightning and Micro USB), and with up to 22.5W output power, you can quickly charge smartphones, tablets, wireless headphones and even your gaming console. A number of safety features keep you safe while the power is renewed, and an easy-to-read indicator lets you know the status of the battery.

### High capacity

With a capacity of 20,000 mAh, the Aukey PB-N74S powerbank is capable of charging an iPhone 15 multiple times, so the device is an ideal solution for those who travel frequently or spend a lot of time away from electrical outlets.

### Charging performance

Support for fast charging of up to 22.5W enables you to instantly charge your iPhone or other devices. This saves you time, and the equipment you need will always be ready to go.

### 3 ports

The PB-N74S offers 3 types of ports - Lightning, Micro-USB and USB-C, for maximum compatibility with different cables and devices. Now

you can charge as many as 3 devices at the same time!

#### Safety first

You don't have to worry about potential damage to your equipment. The powerbank is equipped with advanced protection systems against short circuit, overvoltage, overcharging and overheating. This keeps your devices safe while charging.

#### Convenience of use

An easy-to-read battery level indicator allows you to monitor the status of the powerbank in real time, making it easy to manage its operation. In addition, the dimensions of the device are only 143.7 x 68.7 x 26.4 mm, and its weight does not exceed 386 g - so you can always have it at hand!
