

## Tempered film Telesin for DJI Action 2 Dual Screen Combo (OA

Tempered film Telesin for DJI Action 2 Dual Screen Combo (OA-FLM-004)

Ref: 6972860178868

Telesin screen and lens tempered film for DJI Action 2 Dual Screen Combo

Protect the screen and lens of your DJI Action 2 Dual Screen Combo camera with a set of Telesin protective films. The tight fit prevents dust buildup and the technologies used help resist scratches, drops, as well as and wear and tear. Leave your camera in good hands!

Perfect fit and protection

The protective film has been cut with surgical precision to perfectly fit the entire surface of the screen and lens, preventing the accumulation of dust particles and dirt. Furthermore, the use of electromagnetic adsorption ensures easy installation and further strengthens the film's adhesion to the surface.

Safety first

The protective film is manufactured in 2.5D technology to prevent sharp edges formation and to support the comfort of using the camera. In addition, the 5-layer 9H hardness structure protects the film against scratches, excessive pressure and unsightly fingerprints.

Takes care of your eyes

In addition to protecting your device, the film also protects your eyes. Its 99.99% transparency allows to maintain the natural colours of the displayed images and helps to reduce eye fatigue. Bet on a high-class protection that also takes care of you!
