Nillkin Super Frosted Shield Pro Magnetic iPhone 16 Case (black)

The Nillkin Super Frosted Shield Pro Magnetic case is the perfect solution for iPhone 16 users who value both style and functionality. With a built-in magnet, the case allows seamless connection to the wireless charger and accessories such as a leather card case. It's a modern and practical approach to everyday phone use for convenience and time-saving convenience.

Enhanced protection

The case is made from a combination of two durable materials - PC and TPU. The PC plastic provides rigidity to the structure, protecting the phone from mechanical damage, while the soft TPU edges increase resistance to drops, absorbing impacts thanks to special bumpers in the four corners. Such a solution guarantees full protection of the smartphone, even in harsh conditions.

Elegance and comfort of use

Thanks to the matte finish, achieved with the help of modern UV painting technology, the Nillkin Super Frosted Shield Pro Magnetic case not only looks elegant, but also feels pleasant to the touch. The point texture of the surface prevents the phone from slipping in your hand, which increases the comfort of use and minimizes the risk of accidental dropping.

Protection against dirt and scratches

Nillkin has made sure that the case is resistant to everyday dirt and marks of use. The surface is resistant to fingerprints, dust and other contaminants, ensuring that your phone always looks clean and neat. In addition, it is easy to clean, adding to the convenience of everyday use.

Perfect fit for iPhone 16

The case was designed with maximum precision in mind. Perfectly fitting openings for all ports and buttons make using the phone comfortable and intuitive. Thanks to advanced molding technology, the case fits perfectly to the iPhone 16, providing it with full protection without restricting access to key functions.
