Nillkin SnapBranch Modular tablet holder (gray)

The Nillkin SnapBranch Modular (Creative version) is an innovative holder that allows you to conveniently use your mobile devices, such as tablets and smartphones, in one workspace. With 360-degree rotation and adjustable settings, this versatile mount becomes the perfect companion when working at your desk, making it easy to manage multiple screens simultaneously.

Thoughtful design for versatility

The mount features a magnetic smartphone module that is compatible with iPhone 12-14 models. Users of other devices can use the Nillkin SnapLink Air sticker to take full advantage of the mount's functionality. SnapBranch also supports Apple Watch and headphones such as AirPods Max, Beats, Sony and BOSE, making it a versatile tool for organizing desktop electronics.

Easy screen sharing

With a 360° swivel base, the mount allows you to quickly rotate your devices, making it easy to share your screen with others. This feature is extremely useful during business meetings or teamwork when you need to show off your screen without changing the position of your device.

Solid construction and height adjustment

The Creative version is distinguished by its solid construction made of aluminum and neodymium magnets, which ensures stability and strength. The mount can be adjusted to fit the height of the device to the user's preference. In addition, the magnetic modules provide a firm hold on the devices, ensuring their safety.

Functionality and aesthetics in one

SnapBranch Modular is not only about functionality, but also about aesthetics. Its minimalist gray design fits perfectly into any modern interior, while its compact size and modular design allow you to easily customize your workstation.
