ESR Halo Lock Case for iPhone 15 Pro Max (clear)

ESR's HaloLock magnetic case combines style and functionality to provide full support for MagSafe technology. With the built-in stand, you can position your phone to comfortably watch videos, browse the internet or make video calls. The transparent design of the case does not obscure the original design of the iPhone.

Strong magnet and support for accessories

The HaloLock case features an extremely strong magnet, capable of holding up to 8 times the weight of the iPhone 15 Pro Max. Whether you use a car mount or a wireless charger, the magnetic connection is stable and reliable. So you can use additional accessories to improve the functionality of your device in everyday situations without worry.

Durability at the highest level

Providing military-grade protection (MIL-STD-810H 516.8), HaloLock protects your phone from the effects of accidental drops and bumps. Reinforced corners with Air Guard technology effectively absorb shocks, and the back of the case, made of durable acrylic, is scratch-resistant, helping to keep your device in pristine condition even under heavy use.

Comfort and durability

The support, made of aluminum, has been tested for durability - it can withstand more than 3,000 cycles of use, making it ideal for those who value convenience and reliability. With HaloLock, you can not only use your phone hands-free, but also charge your device wirelessly while watching your favorite content. This combination of features and durability makes the HaloLock case an excellent choice for those with a dynamic lifestyle.
