Hybrid Case (HaloLock) ESR with stand for iPhone 16 Pro (black)

ESR Classic Hybrid (HaloLock) case with stand for iPhone 16 Pro (black)

The ESR Classic Hybrid Case with MagSafe Technology is a solution that provides versatility and protection at the highest level. Equipped with a unique Stash Stand (HaloLock), it allows fast charging and convenient positioning of the phone in a convenient position.

### MagSafe Faster Charging

Thanks to its advanced MagSafe design, the ESR case offers 45 minutes faster charging than a standard case. This ensures that no matter what the situation, your phone will always be ready to go. Fast charging is a key element in everyday use, ensuring full mobility and convenience.

### Protection at the highest level

The Classic Hybrid Case provides military-grade protection, withstanding drops from as high as 3.4 meters. The reinforced Air Guard edges absorb shocks, protecting the phone from the effects of falls. This ensures that the phone remains safe even in extreme conditions, making this case an ideal choice for those who value an active lifestyle.

### Powerful magnets

The built-in 1500g magnet (25% stronger than standard magnets) ensures a secure hold on all MagSafe accessories. So you can safely

use your phone with magnetic holders in the car and various accessories without worrying about accidental detachment.

#### Built-in stand

A folding stand built into the case allows you to place your phone in a stable horizontal or vertical position. In addition, its placement around the lens allows you to conveniently charge your device wired or wirelessly without removing the case.
