

Filter CP PolarPro LiteChaser Pro for iPhone 13 / iPhone 14

Ref: 817465027189

Filter CP PolarPro LiteChaser Pro for iPhone 13 / iPhone 14

PolarPro LiteChaser Pro CP Filter for iPhone 13 / iPhone 14 (Pro / Pro Max)

Record better and better footage. The CP filter by PolarPro is designed for the 0.5x, 1x and 3x cameras of the iPhone 13 / iPhone 14. It is designed to fit future smartphone models as well. It is compatible with FILmiC Pro and Moment Pro Camera apps. It can be conveniently yet safely transported with the included Defender Mini case and protective cover. Note: to use the accessory, the LiteChaser Pro case for iPhone 13 / iPhone 14 is required.

Create even more beautiful images

The CP filter is essential if you want to capture crisp, deep colors. You can also use it to eliminate glare, unwanted reflections and haze from your images. You can also rotate the accessory so that you can better adjust the results to your expectations. Mounting the accessory is quick and easy so you won't miss the opportunity to take the perfect shot. The aluminum frame is very lightweight yet durable, which combined with the small size of the filter makes it easy to have it always at hand.
