Sonic toothbrush with head set FairyWill FW-2001 (blue/yellow)

Ref: 6973734200197

FairyWill FW-2001 Sonic Baby Toothbrush

Help your child take care of their oral hygiene. The FairyWill FW-2001 sonic toothbrush is tailored for the youngest users and features an interesting, colourful design. It is equipped with an intelligent 2-minute timer and offers 3 cleaning modes to choose from. The kit also includes a replaceable nozzle and a case with rabbit ears decoration.

Thorough and safe cleaning

With sonic technology, the toothbrush vibrates at up to 38,000 per minute, meaning it can effectively eliminate bacteria, food debris and other contaminants. The soft bristles are safe for your teeth and gums, and additional tabs on the back allow you to clean your tongue.

Keeps track of brushing time for your child

You no longer have to wonder if your child is brushing their teeth long enough. The toothbrush has a smart timer that will remind your little one every 30 seconds with a short pause to change the area to be cleaned. After 2 minutes, the device will automatically stop working.

3 cleaning modes

The toothbrush allows you to choose from 3 cleaning modes, making it ideal for children of different ages. Soft is suitable for the

youngest users aged 3 to 6 years. Clean is suitable for 7 to 12 year olds. Twelve year olds and older users can enjoy the Massage mode.

Long battery life

You don't have to worry about charging it too often. This toothbrush has a long-lasting battery that allows it to last up to 21 days on a full charge. You can conveniently charge it with the included USB cable.

Designed for the youngest users

The brush's ergonomic handle fits perfectly in small hands and your child will feel comfortable using it. The cheerful colours will appeal to the youngest users, and the cute carrying case with bunny ears makes it easy to transport. What's more, the product is made from safe BPA-free material and is IPX7 waterproof.
