Ref: 6953460501744

Mechanical gaming keyboard Motospeed BK75 Bluetooth RGB

### Motospeed BK75 Mechanical Keyboard

Equipped with 87 keys, the Motospeed BK75 mechanical keyboard provides fast, smooth performance and comfort. You can connect it to your computer in 2 ways - wirelessly (via Bluetooth) or with a USB cable. The device also has gaming RGB backlighting, the color of which you can adjust to your preference.

### Reliable performance

The keyboard is equipped with 87 keys with Ouetmu Red switches. It provides very fast response and unparalleled smoothness. Buttons are easy on the fingers, making typing and gaming even more enjoyable. Plus, you can press multiple keys simultaneously without fear of conflict. Performing complex special moves has never been easier!

### 2 connection possibilities

There are 2 ways to connect the keyboard to your computer. The BK75 supports fast and stable Bluetooth for reliable, seamless transmission. If you prefer wireless solutions, this will be the perfect option for you. The device also has a built-in light indicator that lets you check the battery level - just use the FN+Alt key combination to do so. You can also connect the keyboard using a USB-C cable.

### Stunning design

Thanks to its ergonomic design, the keyboard does not strain your wrists and provides comfort for hours of gameplay. You no longer need to worry about fatigue when you defeat your opponents and advance to the next level! BK75 is also distinguished by RGB backlighting, which gives it an interesting gaming character. You can also customize it to your liking with the right key combinations.

#### Solid construction

The Motospeed BK75 keyboard will serve you well for a long time. The device is extremely durable and its buttons are characterized by durability and resistance to abrasion. Their service life reaches up to 50 000 000 clicks. So you can play more fights, write messages and browse the Internet without worry.
