Slimming face mask ANLAN 01-ASLY11-001

Ref: 6953156300453

ANLAN Slimming Face Mask 01-ASLY11-001

This Anlan brand product will allow you to easily contour your face and reduce the appearance of wrinkles. The massage with EMS microcurrents promotes collagen production and firms the skin. You can also customize the mask's action thanks to its 3 modes and 5 intensity levels. Moreover, the device is made of skin-friendly materials and is comfortable.

Restore skin elasticity and smoothness

The Anlan mask stimulates the muscles, making the skin firm and smooth. Moreover, it increases collagen production and improves circulation. It reduces the appearance of wrinkles and restores its elasticity, and gives your face a V-shape. Now you can keep looking young for longer.

Customize its effect to suit your needs

With different user needs in mind, the mask offers 3 modes: green, orange and blue. In addition, you can choose between 5 intensity levels. Use the lowest intensity level to start with and as your skin gets used to it, you can try out the others.

High-capacity rechargeable battery

The mask works wirelessly, so you can use it freely. It has a durable 90 mAh battery, and after 2 minutes of non-use, the mask will

automatically turn off to save power.

Comfort

The mask is made of skin-friendly materials, which translates into comfort. You can use it and cook, read a book or watch a TV series at the same time. Moreover, its operation is simple and thanks to a special timer the device will turn off automatically after 15 minutes.
