Electric Eyelash Curler ANLAN 04-AJM11-001

Curl your lashes with ease using the Anlan eyelash curler. It takes only 40-60 seconds to heat up and provides long lasting results. In addition, it is lightweight and compact. It is easy to handle and safe to use. What is more, it stably maintains a temperature of 40-60°C.

Quickly curls lashes

Now you can curl your lashes in no time. The Anlan curler heats up in about 40-60 seconds, so you don't have to wait too long before it's ready to work. Plus, it provides a curled lash effect for up to 24 hours.

Convenient operation

Using the device will not cause you any problems. Switch on the curler and wait for it to heat up. When the silicone element turns from pink to white it means that the device is ready for use. Then curl your lashes and use mascara to extend the effect.

Take it on vacation

The Anlan eyelash curler is lightweight and compact, so you can fit it in your makeup bag and take it on vacation. Additionally, it works wirelessly, for greater comfort of use. The device is powered by 2 AAA batteries which should be purchased separately.
