

Carbon Fiber Unicorn Helmet Mount Insta360 (GO 2/ONE X2/ONE

Ref: 6970357853120

Carbon Fiber Unicorn Helmet Mount Insta360 (GO 2/ONE X2/ONE R/ONE X)

Insta360 Carbon Fiber Unicorn Helmet Mount for Insta360 cameras

Create breathtaking videos while skiing or motorcycling. The Insta360 branded mount allows you to securely attach your Insta360 camera to your helmet, so you can easily record a spectacular shot from an original perspective. This unique accessory can accompany you in almost any conditions - no fear of sunlight, rain or snow. Made of carbon fiber, the rod is extremely durable and the curved base fits perfectly to your helmet for a secure hold. The included tether can provide additional security. You do not have to worry about the camera falling down and getting damaged! The product is also surprisingly lightweight.
