

Adjustable Gaming Wheel Stand PXN-A9 (Black)

Adjustable Gaming Wheel Stand PXN-A9 (Black)

Ref: 6948052900708

PXN-A9 Adjustable Gaming Wheel Stand

Do you own a gaming wheel and want to make it more comfortable to use? The PXN-A9 adjustable stand has shelves for the steering wheel, pedals and gearbox, so you can easily fit all the gear you need. It was made of top-class materials, which contributes to high durability and safety of your equipment.

Functionality first and foremost

Are you a racing game enthusiast and do you have a whole set of components for driving simulation? The stand will allow you to mount the steering wheel, pedal panel and gearbox. Its height can be adjusted, allowing you to tailor the positioning to your needs and personal comfort.

Premium materials

The PXN-A9 is made from Q235 carbon structural steel. This results in the perfect balance of strength and flexibility so important in rack and stand construction. Bet on real quality that supports your comfort!

Many possibilities

The stand is compatible with Logitech, Thrustmaster and PXN steering wheels (see specifications for exact details). So you can use your

device even after replacing your hardware. What's more, you can adjust its height up to 38 cm and tilt angle up to 45°.
