### Deli Tools EDL6007 Metal Hand Saw

Equip yourself with a versatile hacksaw that will allow you to cut stainless steel, copper, aluminum, plastic and many other materials. The durable and sharp blade will allow you to work efficiently, and the sturdy aluminum construction with non-slip coated handle will aid in comfort.

### Efficiency above all

A special blade made of 65 Mn spring steel is responsible for effective work of the saw. Thanks to it you can effectively cut wood boards, plastics, aluminium, copper, stainless steel and other materials. Opt for top quality for more possibilities.

### Well thought-out design

The saw frame is made of aluminium alloy, which makes it extremely sturdy while maintaining its low weight. What's more, the handle is covered with a layer of non-slip material, guaranteeing you a secure grip and greater control during use. The blade can be easily replaced with a new one thanks to the unscrewable design.
