Darkflash CF11 Pro 3-in-1 ARGB Computer Fan

Are you looking for a high-performance fan for your PC to further enhance its visual appeal? The 3-in-1 Darkflash CF11 Pro offers just that! The 120 x 120 mm fans run at about 1100 RPM for efficient cooling, and their RGB illumination will give your computer space a gaming touch.

RGB Backlighting

The CF11 Pro fans will be the perfect addition to your transparent computer case. They are equipped with RGB backlighting, which you will get by connecting them with a 3-pin connector (+5V ADD_HEADER). Choose from 47 backlight modes for a truly modern gaming vibe.

Remote Control

The fans come with a remote control that you can use to set the color and mode of the light. What's more, the devices are compatible with ASUS Aura Sync, making visual control so easy and affordable.
