Computer case Darkflash DK151 LED with 3 fan (black)

Ref: 4710343793915

Darkflash DK151 Computer Case

Darkflash DK151 is a roomy computer case designed in a modern, eye-catching style. It is compatible with multiple motherboard standards and features a number of useful, efficient ports. What's more, it offers ARGB backlighting on the front panel and a transparent side panel so you can highlight the visual appeal of your chosen components.

Plenty of options

The case supports mainboard standards ATX, M-ATX and ITX, and can accommodate a CPU with a height of 160 mm and a graphics card with a length of up to 290 mm. Put together your dream computer without worrying about the components not fitting properly!

Your dream configuration

The case has been equipped with many useful, efficient ports. The USB 3.0 port is characterized by high throughput. In addition, it has 7 expansion slots, so you will be able to expand your configuration in the way you choose.

Modern design

The DK151 fits right into the modern style. The front panel of the case features ARGB backlighting that draws the eye and gives the design a gaming feel. Moreover, the side panel is made of tempered glass so that components equipped with backlighting will be clearly
