

## Wireless mechanical keyboard Motospeed GK89 2.4G (white)

Ref: 6953460596795

Wireless mechanical keyboard Motospeed GK89 2.4G (white)

### Motospeed GK89 Wireless Mechanical Keyboard

Do you need a keyboard that provides a high comfort of work and focuses on modern, convenient solutions? Then the Motospeed GK89 is just right for you! The possibility of connection via a cable or in a 2.4G wireless band will provide you with a lot of freedom, and the ergonomic design with RGB backlighting guarantees usable and visual advantages.

### 2 connection possibilities

To experience the full range of wireless capabilities you can connect the keyboard to your computer in the 2.4G band using a USB receiver. Or you can choose to use the included cable. What's more, you can connect the keyboard to two devices at the same time and freely switch between them in real time.

### Convenience of use

The plug & play system ensures that you can use it without installing additional software and the extendable legs guarantee the optimal angle of inclination. Moreover, the ergonomic detachable palm rest provides a better comfort of use. The keyboard is compatible with Windows XP, 7, 8, Vista and IBM.

### OUTEMU Brown switches

The device is equipped with a standard layout of 104 keys with OUEMU Brown switches, which have a lifespan of up to 50 million clicks and have a smooth operation and tactile feedback. You can also use the function keys to control multimedia or change the backlighting effect.

#### LED Backlighting

The keyboard features ice blue LED backlighting. You can also customize the backlighting effect in 6 combinations. Customize the look of your workstation and enjoy visuals that emphasize the modern style of your hardware.
