Powerbank Baseus Qpow Pro with Lightning cable (black)

Bet on a capacious powerbank by Baseus and charge your devices quickly and safely. Baseus Qpow Pro has a built-in Lightning cable and 2 output ports, it also supports multiple fast charging protocols. It allows you to renew the energy of 3 devices simultaneously, its output power reaches 20 watts and its capacity is 10,000 mAh. Handy and lightweight, it is no problem to transport, and stands out for its wide compatibility and multi-level protection.

Fast charging

The Baseus Qpow Pro powerbank with Lightning cable allows you to charge up to 3 devices simultaneously. The Lightning cable charges with 20 watts of power, plus the powerbank has USB and USB-C outputs so you can renew power to several different devices at once. It supports SCP, FCP, QC and PD protocols, and will charge an Apple 13 to 50% in just 30 minutes.

Impressive capacity

The Qpow Pro stands out with a capacity of 10000 mAh and is able to charge your chosen devices up to several times. So you can renew the energy of Apple 8 about 3 times, Xiaomi 11 about 1.3 times, Huawei P50 about 1.3 times or Apple 13 about 1.8 times. To charge the powerbank, 3 hours is enough.

High level of protection

The powerbank has a number of protections that guarantee the safety of charged devices. Baseus Qpow Pro protects against overcurrent, overvoltage, overcharging, high temperature and electromagnetic field. High quality materials and solid casing are also worth mentioning.

Compact and handy

The well-thought-out design of the powerbank translates into high comfort of use. The easy-to-read display provides information about battery status, and thanks to its low weight (236 g) the product does not cause any problems during transportation. The practical clip allows to hide the end of the built-in cable, so you don't have to worry about damaging it.
