

Wireless keyboard + mouse set MOFII 666 2.4G (Black&Red)

Ref: 6950125748926

Wireless keyboard + mouse set MOFII 666 2.4G (Black&Red)

MOFII 666 wireless keyboard + mouse set

Do you value high functionality and original modern design? The MOFII 666 set will meet your expectations. It includes a wireless keyboard with 112 keys and a wireless mouse with 3 buttons and a resolution of 1200 DPI. The 2.4 GHz technology is responsible for stable transmission with a range of up to 10 meters. The advantage is also wide compatibility and modern design - up to 5 color variants on sale.

Make your work easier

The included wireless keyboard has 112 keys, which are distinguished by solid workmanship and a life span of up to 8,000,000 clicks. They are pleasant to the touch, and thanks to the practical stands, the keyboard maintains its position at a 6° angle, which effectively relieves the strain on your wrists. There are also 18 function keys, which will allow you to quickly and conveniently adjust the brightness of the screen, switch a song, launch a browser or send an email.

Wireless mouse included

The kit also includes a wireless mouse, which is equipped with 3 buttons and a scroll wheel. It features a resolution of 1,200 DPI, and the life of its buttons reaches 3,000,000 clicks. Both the mouse and keyboard operate wirelessly in the 2.4 GHz band, and you can enjoy stable transmission with a range of up to 10 meters. The plug&play system is responsible for quick and uncomplicated installation.

Choose your color

The keyboard and mouse are distinguished by their modern design and original colors. The set is sold in as many as 5 color variants, so every user will find something for himself. The advantage is also 3 levels of power saving and wide compatibility - the set will work with Windows versions 2000, XP, ME, VISTA, 7 / 8 / 10.
