

Electric Heated Eyelash Curler ANLAN ALJMJ01-02

Electric Heated Eyelash Curler ANLAN ALJMJ01-02

Ref: 6953156300477

ANLAN ALJMJ01-02 electric eyelash curler.

Replace your regular eyelash curler with the ALJMJ01-02 from Anlan. The device will give you the effect of beautiful curled eyelashes for longer. It is easy to use and can be used with mascara. Its use is safe, and the brush perfectly adapts to the shape of the eye. On top of that, it is extremely lightweight and portable - you can always have it with you!

Adjustable temperature

The Anlan electric eyelash curler offers 2 modes, so you can choose the right temperature for you. For thin, delicate lashes, set the lower temperature (65°C). While you will use the High mode (85°C) for thick and dense lashes.

Safe use

The lash extender is designed to be safe to use. Its design is concave and convex - the heating element is not in direct contact with the eye, which prevents burns. It is a safer and cheaper solution than traditional methods of curling eyelashes.

Fast heating

With ANLAN ALJMJ01-02, save time on your daily makeup routine! The device heats up in just 10 seconds - the indicator will turn from red to white. This will allow you to curl your lashes quickly and effortlessly!

Convenient operation

Using the eyelash curler will not cause you any problems. Turn the device on and wait for it to heat up. When the silicone strip on the brush turns from red to white, it means that the eyelash curler is ready for use. Then curl your lashes and apply mascara to keep the effect for longer.
