

## Battery GensAce 5kmAh 11.1V 60C 3S1P ,XT90 Plug

Ref: 6928493309360

Battery GensAce 5kmAh 11.1V 60C 3S1P ,XT90 Plug

GensAce 5kmAh 11.1V 60C 3S1P battery with XT90 plug.

The GensAce battery is great for powering RC cars, RC boats or RC airplanes, providing them with longer runtime and better performance. With a high discharge current of 60C, it guarantees strong acceleration and higher speed. The JST-XHR-4P balancer plug helps keep the cells at the right charge level, resulting in extended battery life. The XT90 plug provides a stable connection between the battery and the RC model, eliminating the risk of power interruptions during heavy use.

□Manufacturer

□GensAce

□Manufacturer code

□GEA503S60X9GT

□Product type

□LiPo battery - Bashing series

□Capacity

□5000 mAh

□Voltage

□11,1 V

□Discharge current

□60C  
□Number of cells  
□3  
□Balancer plug type  
□JST-XHR-4P  
□Plug type  
□XT90  
□Charging speed  
□Recommended 1-3C  
□Weight  
□343 g  
□Dimensions  
□135 x 43 x 26 mm
