Impact Drill Deko Tools DKID13G110

Ref: 6974491584506

Impact drill by Deko Tools DKID13G110

Make your work in wood, steel or concrete easier. This Deko Tools hammer drill offers 1100 watts of power and is equipped with a powerful motor. Its rotational speed is 2800 rpm and a special knob allows you to adjust the operation to your own needs. Moreover, its ergonomic design makes it comfortable to use.

Efficiency and precision

DKID13G110 has a powerful motor that operates at 2800 rpm. You can also adjust its speed to suit your needs with the help of a dial. With it, you can comfortably and easily drill into concrete walls, wood or steel.

Ergonomic design

The drill is designed to be comfortable to use. The anti-vibration handle makes work more comfortable and its relatively compact design will allow you to use it comfortably in various conditions.
