Deko Tools MZ240 welding helmet

Equip yourself with a professional welding visor and ensure your safety during DIY or industrial work. The Deko Tools MZ240 has a high-quality DX-980E lens and 4 arc sensors, and allows you to adjust the shade range. The lightweight design and large viewing area (98 x 80 mm) translate into high comfort. The visor is powered by a CR2450 battery.

Safe and comfortable work

The Deko Tools MZ240 welding visor uses up to 4 arc sensors and provides UV/IR protection at 16 DIN level. So you can perform welding work without worrying about your health and safety. The product will do its job perfectly when welding with MMA, MIG, MAG, CO2, TIG methods, as well as plasma welding, plasma cutting and arc welding. The dimming time is 1/25000 sec.
