Laser Level Deko Tools LL12-GTD-S1

Ref: 6974491588221

Laser Level Deko Tools LL12-GTD-S1

Deko Tools LL12-GTD-S1 laser level
The Deko Tools LL12-GTD-S1 laser level is equipped with a high-quality green laser, which features a wavelength of 520 nm and facilitates precise construction or repair work. The level provides accuracy of up to ±2mm/m, and has a self-leveling system. Two rechargeable batteries with a total capacity of 3,000 mAh ensure long operating time.

Precision and professionalism
The Deko Tools LL12-GTD-S1 laser level is an excellent product for those who value a professional approach to work. The device uses a green laser and makes it equally easy to lay panels, tiles and much more. The self-leveling range is ±3°, and the working range reaches up to 30 meters.

Long working time
Forget about charging the leveler too often. The LL12-GTD-S1 uses two rechargeable lithium batteries with a total capacity of 3000 mAh, so it can work for up to 4 h on a single charge. Convenient energy renewal is made possible by the included charger. The package also includes accessories for mounting the leveler in various locations, as well as a remote control.
