Deli Tools EDL4971 Ethernet Connector Crimping Pliers, 4/6/8P, RJ45/RJ14/RJ12/RJ9

Ref: 6974173017803

Deli Tools Ethernet Connector Crimping Pliers EDL4971

Connector crimping pliers are a must-have for those working with telecommunications and data communications networks. Deli Tools EDL4971 pliers will allow you to conveniently and safely crimp 8P, 6P and 4P connectors, and will also prove useful when cutting UTP and STP cables and stripping insulation from network cables. Made of high-grade A3 steel, they are extremely durable and resistant to damage, and their advantage is the non-slip handle.
